CHRISTCHURCH

New Zealand's second largest city.

Christchurch International Airport welcomes daily direct connections from the US and via the UAE and Asia for visitors flying from the UK and Europe.

Cosmopolitan and contemporary the city was thoughtfully and lovingly rebuilt following an earthquake in 2011. Oozing in character and charm while also showcasing some of the best (and most innovative) architecture with the old worldly charm of historic trams and punting through the city river is balanced by street art and city markets which are utterly captivating.

Christchurch offers an outstanding, hospitable and quality 2-3 night stay as part of a South Island itinerary.

Unique landscapes, the city is bordered by the Pacific Ocean and the spectacular Southern Alps.

Many new boutique accommodation offerings, heritage & modern along with world class luxury lodges.

Outstanding dining and hospitality offerings, welcoming, a wonderful juxtaposition of history, culture, design & architecture.

Diverse activities in close proximity; thermal pools, wine tasting, outdoor adventure, farm tours.

KAIKŌURA

Kaikōura has some of the country's most breathtaking scenery with a mix of stunning coastline, dramatic peninsula and some of the South Island's highest mountains.

Kaikōura is the most northern district in the Canterbury region located on the east coast of the South Island – a 2.5-hour drive north from Christchurch.

Kaikōura is known as the 'Maritime Serengeti' of New Zealand where the undersea canyon plunges to depths of over 1200m very close to shore, and attracts a wide range of wildlife all year round, including the Sperm Whale, the Kekenos (New Zealand Fur Seal), Dusky Dolphins & a wide range of bird species.

Kaikōura is a tourism destination with marine based operators, unique experiences, and historic attractions along with a mix of both relaxing and exhilarating land-based activities.

Crayfish is THE delicacy of the Kaikōura region and Kaikōura literally means "to eat Crayfish".

Kaikōura has a vision to achieve International Dark Sanctuary Status by early 2024. Filled with stars, celestial wonders, and a stunning clear Milky Way (Te Ikaroa) – Kaikōura celebrates the pristine dark sky of Kaikōura realising it is one of our hidden gems.
