Post-COVID Internships to Assist Businesses

ChristchurchNZ’s Job Ready Programme is offering specialised internship projects to businesses that require assistance to adapt to these challenging times. ChristchurchNZ will match you with MBIS students & graduates who are looking for some real-world work experience.

These internship projects are between 160-200 hours, with flexible start dates and durations, and the intern can work remotely if required.

These projects can be customised to meet your business’ needs, and ChristchurchNZ will support you with onboarding and paperwork.

Post-COVID Internship Projects

Information Systems is the point where business studies and information technology meet. Masters of Business & Information Systems (MBIS) students and graduates have specialist knowledge and skills applicable to managing the use of technology and technology-driven innovations in business.

Possible projects include:

- Digital business strategy development
- International market & channel research
- Development of web-based portals or dashboards
- Data analysis and data management
- Project management and user experience design and testing
- Use and management of databases

Interns

The Job Ready Programme enables your business to benefit from the global experience, skills and talent of international students studying in Canterbury. These students bring unique and diverse perspectives to the local workforce – strengthening business plans, strategies, and organisational development. Many international students bring with them years of experience working in international markets.

Examples of Previous Internship Projects

Examples of previous internship projects that MBIS students have delivered for local businesses include:

- a Manuka Honey Skincare producer working with a MBIS graduate to find out more information about his clients in global markets;
- a Sports Health-Tech wearables business working with an intern to double their international channels including Amazon.

Contact

If you are interested in working with an intern please contact Michaela Meier Michaela.Meier@christchurchnz.com; or if you would like to discuss potential projects please contact Karen Haigh on 0210717393.

Please note we also have students and graduates from other subject areas available for internships projects. Please see the Job Ready brochure for more details.
