- 3. Coming up
- 4. Health, Safety and Wellbeing Practices
- 5. Risks
- 6. Financial Report

### **APPENDICES**

1. Performance Measures

### 1. EXECUTIVE SUMMARY

The Canterbury Economic Activity Index (CEAI) shows that activity in Canterbury has been stronger than New Zealand since the first quarter of 2021, however in March 2022 both Canterbury and national economic activity was down -0.8 compared with the previous year. This reflects reduced activity during the COVID Omicron outbreak and a levelling of restrictions around the country.

There have been several significant deliverables for the organisation during the quarter. These include:

- Progress towards the official formation of CNZ as an Expanded Economic Development Agency (EEDA) through the integration of the Urban Development function. This has been a significant collaborative effort between ChristchurchNZ and Council staff.
- The successful delivery of the Women's Cricket World Cup, including a sold out Hagley Oval on a perfect late summer day showcasing Christchurch to the world. Independent experts FreshInfo determined the event delivered a net benefit to the city of \$2,313,449.
- Supported by a virtual famil and introductions from Screen CanterburyNZ, the founders of game development and virtual production business The Granary have relocated to Christchurch.

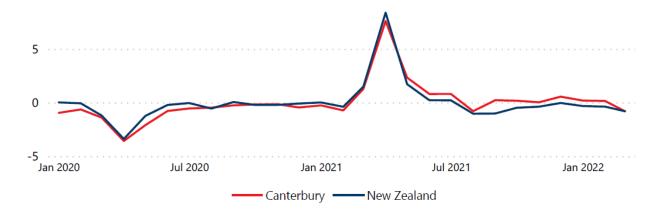

# 2. NOTABLE ACTIVITY IN THE QUARTER

### **Economy Overview**

The CEAI for March 2022 reflected the impact of Omicron on economic activity in Canterbury. The region experienced a drop in performance across three out of five key indicators (the performance of Manufacturing Index, heavy traffic flows, and the value of exports from Canterbury ports) compared to March last year.

Economic Activity Index – New Zealand and Canterbury January 2020 – March 2022 (in %)

Source: ChristchurchNZ

In the week ending 22 April 2022, the number of Jobseeker support recipients in Canterbury was 24.9 percent higher than the number of recipients registered in the first week of January 2020 (16,554 recipients vs. 13,256 recipients), indicating that despite very low unemployment there is still a cohort of covid disrupted individuals that are yet to re-enter the workforce.

March 2022 was another record-setting month for building consent issuance, with consents for new buildings hitting new highs in Christchurch, Canterbury and New Zealand. Compared to March 2021, consent issuance for new homes increased by 84.2 percent in Christchurch, 34.8 percent in Canterbury and 25.7 percent across New Zealand. This shows that there is still a national and local shortage in supply of building stock even though immigration movements have reduced to exceptionally low levels over the last couple of years.

Retail spending in Canterbury reached \$725.2 million during March 2022, an increase of 0.8 percent compared to March 2021. However, the number of retail transactions in Canterbury fell by -10.8 percent over the same period. This indicates that the recorded increase in retail spending in March 2022 was driven by price inflation, rather than an uplift in the volume of spending.

### Innovation and Business Growth

# **Business Sustainability & Growth**

- The Regional Business Partners (RBP) and Tourism Communities Support (TCSSR) contracts currently being delivered on behalf of MBIE are on track. Since the end of the quarter, ChristchurchNZ has been advised that Canterbury Regional Business Partner Ltd (Joint venture CNZ and Chamber of Commerce) has been successful in winning the tender for the continued delivery of RBP beyond June 30.
- MBIE has been signalling, but are yet to confirm, an extension to the TCSSR contract beyond the current end date of August. These delays and uncertainty continue to adversely impact our ability to forward plan and manage staff on fixed-term contracts.
- The Te Ōhaka and ThincLab incubators have 30 businesses currently under incubation and have graduated another 30 businesses this financial year. The incubators have raised over \$9m in venture capital funding for those businesses involved. Te Ōhaka has been accepted as a Callaghan Innovation vendor for the national Founder Incubator and Accelerator Programme.

### Clusters & Sector Growth

Judging and acceleration continues in the HealthTech, Aerospace and Food Fibre and Agritech (FFA) challenges. The Start Me Up unemployment to self-employment accelerator is working with 27 applicants, and Electrify Aotearoa is supporting an intensive 10-person accelerator for women. There is strong technology coming through to the start-up ecosystem from ChristchurchNZ programmes — and we look forward to the FFA Challenge Finale at E Tipu (Agri Summit) again.

### Business and Investment attraction

The "Christchurch – gateway to growth" publication has instigated / supported several genuine business attraction leads, and we are in the process of partnering with KEA to further distribute the White Paper.

# Skills & Employment

In response to the well-documented skills shortage, ChristchurchNZ is preparing a report which uses data

and case-studies to highlight real and opportunity costs to individual businesses and to the regional economy. The report includes a range of recommended policy changes to alleviate the skills shortage through targeted migration in the short-term, while maintaining strategic focus on local skills development. The report will be sent to relevant ministers, politicans, and officials on behalf of ChristchurchNZ, Canterbury Employers Chamber of Commerce and industry. A media outreach programme is planned to support the findings using impacted industry leaders as spokespeople.

## Screen CanterburyNZ

Supported by a virtual famil and introductions from Screen CanterburyNZ, the founders of game development and virtual production business The Granary have relocated from Wellington to Christchurch. In addition, ScreenCanterburyNZ's regional production incentive has awarded grants to six productions and three of these will go ahead this financial year.

### **Antarctic Office**

The Christchurch Antarctic Network continued to grow, with 75 members registered. The Head of the Antarctic Office is being recruited as a priority, given David Kennedy's resignation during the quarter.

# **Urban Development**

Significant progress has been made on the establishment of an Expanded Economic Development Agency including work on the capitalisation, prioritisation framework for urban development opportunities and how value might be shared. Due diligence on the pipeline of urban development projects is progressing with Council ahead of next financial year.

This quarter has seen construction commence at Peterborough Street (the former convention centre site) in the Central City and all three developments (hotel, residential and commercial) have now obtained consent.

# New Brighton Regeneration Project

- This period saw stages one and two of the Seaview Development sell out in early 2022 and we expect phase three to be released ahead of schedule.
- The Beresford Street development sites went unconditional in March (settling April 2022). There
  has been significant interest in this project and a buzz generated in the area as a result. The
  Beresford Street development sites will provide affordable homes, and alongside the Seaview
  Development bring more people into the community and local businesses.
- A number of placemaking activations are underway in New Brighton including:
  - o a marketing campaign with Neat Places telling the stories of "local legends";
  - o development of a Brighton Business Boost package alongside NZ Business Mentors;
  - o following on from the recent success of the street art tours, local cultural tours to be led by Ngāi Tahu are in development.

### **Destination and Attraction**

### **Business Events**

- ChristchurchNZ and key stakeholders including Te Pae and Venues Ōtautahi attended the Asia
  Pacific Incentives and Meetings Event in Melbourne in March (financially supported by Tourism
  New Zealand). Interest in NZ and especially Christchurch was extremely high. ChristchurchNZ
  completed the show with qualified bid opportunities worth a total estimated visitor spend of just
  under \$11 million dollars to the region.
- YTD we have delivered / are delivering 43 bids for business events (FY target 30 bids). To support these bids is the re-introduction of significant famil activity, starting in May which will bring trade operators to Christchurch and give a chance for our local operators to promote their offerings.
- Notable recent wins
  - NZSO / RCPA 2022 NZ Society of Oncologists & Royal College of Pathologists Australia joint conference – September 2022 – 300 pax – Estimated Visitor Spend \$450,000
  - o Confidential Event May 2024 1500 pax Estimated Visitor Spend \$2,812,000
- There is a growing expectation from international organisations that bids are accompanied by financial support or an incentive (subvention). As part of our annual business planning process we are planning for a subvention fund or "war chest" to attract the lucrative international conventions to remain competitive in the marketplace.

### **Major Events**

In this quarter events continued to be impacted with cancellations, postponements and restrictions due to Covid traffic light requirements. The achievement of KPIs from events remains unlikely to be achieved at year end. We were delighted though that the ICC Women's World Cup had some crowds and then a full-house for the final. A summary of the exceptional results for the 2022 ICC Women's World Cup are provided this quarter, as the event started in March and the sell-in period was during this time.

FreshInfo (industry experts) independently reviewed the ICC event economics and reported the following:

- 6,962 people attended the event
- 8,457 visitor nights in the host region were generated by the event
- \$740,460 of tourism expenditure in the host region was generated
- Cost benefit return\* for the host region was 1.35
- The Net benefit to our city was \$2,313,449
- \*For every \$1 invested, the benefit to the host region was \$1.35. Monetary and non-monetary costs and benefits are treated equally. Social outcomes are given the same status as economic outcomes.

The overall results for this event were above average (see benchmark below) and the only measures that the event did not hit were due to Covid with the border closures/visitation impacts. The series ran with restricted numbers and only opened to full sales shortly before the last two matches, making it difficult for visitors to plan to attend. Total Quality Index Media Value

generated by Christchurch branding at the ICC Women's World Cup was \$2.0 million and we had over 11M viewers, including over 7.5 million viewers from India. The community benefits such as satisfaction, net promoters and resident pride were well above average reflecting a timely positive boost to Christchurch. Our city was on show and we can all be very proud of the manaakitanga conveyed and the way our assets delivered a world-class, fantastic experience.

### **Tourism**

We

- The announcement of borders opening has resulted in international trade re-engagement opportunities being announced by Tourism New Zealand. CNZ will leverage these opportunities, and attend events in May (Australia), July (USA), August (UK and Singapore). Additionally, CNZ is partnering with NZSki to participate in the Australia Snow Shows in Sydney / Melbourne in May.
- Work progressed during the quarter to develop the central South Island ExploreCHC campaign ahead of the launch in May.
- We continue to work with the city COVID Recovery Group to maximise the current events programme, exploring options with Hospitality NZ and CCC to have a festival during August that venues can get involved with to increase foot traffic and spend in the city during late winter.

### International Education

The border exception cohort 4 has been confirmed and Canterbury can expect to welcome back between 350 and 500 students for Semester 2 / Term 3. This is across all public tertiaries, some private tertiaries and approx. 25 high schools. Conversations to collaborate within the CCC International relations policy framework for a civic welcome have started.

A decision on the proposed restriction of enrolment by Ministry of Education for students under Year 9 is still pending and expected in April. ChristchurchNZ supported the Regional International Education Network Aotearoa's submission to drop the proposal. Decisions on the proposed changes of immigration settings for international students are also pending. EductionNZ's regional funding round for FY22/23 has opened and we intend to submit a high-level initial proposal, with final submissions due later in the year.

# **Marketing Brand and Communications**

One of our indicator measures is perceptions of Christchurch. These are trending down. Given the current climate of covid fatigue and high inflation, this is not a surprise, but worth noting and monitoring.

	KPI Summary	July 2019*	October 2019*	Q4 2019/2020 (April-Jun 2020)	Q1 2020/2021 (Jul-Sep 2020)	Q2 2020/2021 (Oct-Dec 2020)	Q3 2020/2021 (Jan-Mar 2021)	Q4 2020/2021 (Apr-Jun 2021)	Q1 2021/2022 (June-Sep 2021)	Q2 2021/2022 (Oct-Dec 2021)

# Campaign highlights

# Do More Summer

Christchurch's summer visitation campaign, Do More Summer ran from 6 December to 6 February. Key target markets were South Island, Wellington, Christchurch residents, families and professionals. The campaign included a partnership with influencer Ellie Haines who showcased Christchurch as an exciting summer destination with lots to do. This directly addressed a key perception challenge for Christchurch. Final media results:

- 13m impressions
- 109 k link clicks
- 62,500 Unique Summer Pageviews

# Gateway to Growth Business Attraction Campaign

This campaign promoted Christchurch as a business destination, supported by a new economic report detailing the benefits of doing business in Christchurch. The target market was large or high growth enterprises predominantly based in Auckland/Wellington. The objective of the campaign was to develop high quality leads for the business attraction team to follow up on.

- 5.5m impressions
- 17,775 clicks (including post engagement)
- 10,876 website campaign visits
- 37 Form submissions
- 1,005 whitepaper views (via publication tool) + 43 whitepaper downloads

# Digital

• The team has met and exceeded the LOS target of 5.2 million engagements, currently sitting on 5,357,569 engagements across all digital channels

- Our social channels met all necessary KPI's to keep us on track for LOS. We have seen an increase
  in reach and engagement in Feb/Mar with several campaigns and content pieces currently in
  market.
- Website traffic has increased (2.2%) on the same period last year, with a decrease in bounce rates (page exits) and an additional increase on time spent on site per user.

### Communications and Media

- In the past quarter, we established a PR function to increase the amount of earned media and to be able to track the value and impact of both proactive and reactive media engagement.
- More than 40 stories and numerous PR pitches are in development for the ExploreCHC regional tourism campaign and continuing with a series of video business case studies to support innovation and business growth in the city.
- The impact of labour shortages on businesses (TV1 story), the date announcement for SailGP 2023, and the partnership between our Urban Development team and drone logistics company Swoop Aero to explore a drone delivery network had strong media impact during the quarter.

### 3. COMING UP

Key deliverables in the next quarter:

### Innovation Business and Growth

- New Regional Business Partners Contract development.
- Continue delivery of RBP, business mentors and tourism communities support programs.
- Deliver final events for Aerospace, Agritech, and HealthTech innovation challenges.
- Final event for Start Me Up unemployment to self-employment accelerator.
- Economic insights and labour market event.
- Distribute skills and immigration advocacy report.
- Screen CanterburyNZ business development activity at Cannes Film Festival.
- Final round of screen incentive grant applications for FY21/22.
- Finalise recruitment for the Head of Antarctic Office.

### **Urban Development**

- Development of a pipeline of urban development projects in collaboration with Council including detailed investigation, master planning and due diligence on the feasibility of development sites and priority areas.
- New Brighton regeneration marketing and consenting for both residential developments, Neat Places marketing campaign, Gallery streetside upgrade and Matariki activations.
- Milton Street mixed use development supporting Citycare in their exit from the property and working with all parties on the issuing of titles to support the new development plans.

### Destination and Attraction

A strong focus on work to reignite international markets

- April Australia Association Forum National Conference 2022
- May TourismNZ Business Events Roadshow Australia (Melbourne, Sydney, Brisbane) and Germany, IMEX (Worldwide Exhibition for Incentive Travel, Meetings & Events)

 June - Christchurch, MEETINGS (NZ trade event for conferences, meetings, events, exhibition and travel incentive industry) sold out with 210 exhibitors confirmed and > 300 hosted buyer applications received, with almost half from Australian Buyers

# Place Brand Strategy and Destination Management Plans

Key recommendations out of GC2050 are the delivery of a Place Brand Strategy and Destination Management Plan for Greater Christchurch. MBIE has funded the Regional Tourism Operators (RTOs) — including ChristchurchNZ — to deliver Destination Management Plans. An RFP will be released to market seeking an agency (or combination of agencies) to work with ChristchurchNZ to undertake this key work for the Greater Christchurch area. ChristchurchNZ will work in close partnership with Christchurch City Council, the relevant District Councils, mana whenua, community and industry to facilitate delivery of this exciting work for our City.

### 4. HEALTH AND SAFETY PRACTICES

ChristchurchNZ worked in split teams during the quarter to reduce COVID-19 risks. The Board is considering the organisation's COVID-19 vaccine mandate based on the new risk assessment criteria provided by WorkSafe. We continue to encourage and support staff to be vaccinated and use other measures to stay safe (stay home when sick, cleaning, handwashing, mask wearing etc).

# 5. ORGANISATIONAL RISK FOCUS

	Risk	Impact	Mitigation
1.	Global Pandemic	Work programme significantly disrupted	Christchurch Economic Recovery Plan to
	and economic	by global pandemic.	reshape activity required and target
	impact.	Resulting in economic volatility, financial	outcomes.
		losses, possible event partner liquidation,	Govt contracts in place to support recovery
		health and wellbeing impacts,	and repositioning activity.
		reputational damage.	Continual monitoring of Programme and
			Project progress.
2.	Cyber Security/ICT	Reduced use of ICT systems and/or	Technology prevention measures in place, ICT
	Failure	website, reputational impact, financial	security reviews regularly undertaken.
		impact, loss of data. Cyber	Security policies and processes in place,
		Security/Ransomware exposure resulting	regularly communicated and compliance
		in system penetration.	monitored.
3.	Governance Clarity	Lack of clear mandate for the Urban	Funding and service level agreements in place.
	Urban Development	Development function and/or a lack of	Council approval of capitalisation confirmed in
	functions	sufficient funding or other resource.	April 2022. Expanded Economic Development
			Agency Implementation plan underway.
4.	Confidential	Inappropriate access of confidential	Secure ICT systems and policies in place and
	information breach	information, breach of the privacy act	regularly reviewed/audited. IEA's and Code of
			Conduct clear on responsibilities for accessing
			and use of company information. Ongoing
			training
5.	Event Fee Increases	Funding, reputational, resourcing	Discuss with city partners and shareholder
			value of targeted events and funding options.
			Partnerships and revenue strategy in place.

### 6. FINANCIAL REPORT

For the nine months to March 2022 CNZH reported a surplus of \$2.5m, \$3.8m ahead of the budgeted loss for the period (-\$1.35m). The budget target was ambitious; reflecting the utilisation of prior period retained earnings to enable support for COVID recovery. In the event, lockdowns and COVID have continued to impact the delivery of events and activity in the current year with several significant events 'moving' to later periods (eg. SAIL GP, Moon Festival, Cirque de Soliel).

CNZH has also received central government funding (via MBIE) in this period. External funding is tagged to specific activity. Delays or deferment of this activity does not result in surplus funding, but rather a liability to repay funds and/or deferment of activity to future periods. Unexpended contract revenue and prior period reserves, backed by cash received in preceding periods, (combined forecast total of \$8m) will be retained in the balancesheet at year end pending delivery in subsequent periods.

We note that the last quarter of the year is traditionally a period of high activity, combined with borders opening, and the YTD surplus is forecast to reduce to breakeven or a smaller surplus by year end. The combined impact is that the current year budgeted deficit is likely to move out a year, in line with the delayed activity.

CNZH Financial Summary \$000's	Actual Nine Months to March 2022	Budget Nine Months to March 2022	Actual Nine Months to March 2021	Budget Twelve Months to June 2022
	Unaudited, per Management Accounts		Unaudited, per Management Accounts	Board approved budget
CCC Core Funding	11,926	11,926	8,675	15,901
Other Operating Revenue (including interest and other gains/losses)	4,533	5,780	3,949	7,282
Operating Expenditure	(13,999)	(19,061)	(12,924)	(25,290)
Gain/(Loss) on Investments	54	-		-
Total Surplus/(Deficit) before tax	2,514	(1,355)	(300)	(2,107)
Total Assets	18,342	7,200	14,195	6,311
Shareholder Equity	7,617	4,477	7,027	3,075

March 2022 YTD		\$'000	)'s	% Spend	
Project & Service Delivery YTD *	Project & Service Delivery YTD	YTD Actual	YTD Budget	Actual	Budget
Project + Personnel	Urban Development	915	1,535	7.6%	9.2%
	Destination & Attraction	4,121 7,790		34.4%	46.7%
	Marketing & Promotion	1,674 2,022		14.0%	12.1%
	Business Innovation & Growth	3,023 2,952		25.2%	17.7%
	Strategic Planning & Policy Research	371	559	3.1%	3.4%
	Shared Services	1,882 1,827		15.7%	10.9%
	Total Project & Service Delivery	11,986 16,685		100.0%	100.0%

**Against Target**: The positive YTD budget variance reflects underspend across the organisation, but most notably in areas impacted by Covid. The underspend in activity costs is most notable in Destination and Attraction, due to the postponement or cancellation of Major and Business Events eg. SailGP, which have moved to future periods.

Business support activity (as a proportion of total spend) has increased, in line with MBIE funding to get

grants and support out to local businesses (Kickstarter contract).

The significant increase in assets reflects the receipt of central government funding, which is largely offset by a revenue in advance liability.

**Against Prior Year**: Core CCC funding in the current year reflects the agreed LTP funding, including funding for the for delivery of the urban development function.

# APPENDIX 1: CHRISTCHURCHNZ PERFORMANCE MEASURES TO 31 MARCH 2022

# **LEVELS OF SERVICE**

	Level of Service	Level of Service Measure	Target	Status	YTD	Commentary
